### Affiliate Your Club with the League

What could be sweeter than being a member of two bike clubs for the price of one? With the League's 100% club membership option, now it's possible.

The League helps local and regional bike clubs increase their membership by offering individual League memberships for only \$15 annually if the whole club signs up. For almost half the regular price of membership, clubs can provide their members with 11 issues of Bicycling magazine, 6 issues of American Bicyclist, various bike shop discounts, and the knowledge that they are supporting the League's efforts to promote and protect the rights of cyclists.

The Boca Raton Bicycle Club in Boca Raton, Fla. has been a 100% club since 2003. Vice President Bob Sabin says, "Most people really like being in two clubs at once for such a low price." There's one standout benefit, though. "Most people seem to really enjoy the Bicycling magazine subscription – it's one of the biggest selling points for our members."

We hope you'll join with us 100% today! For more information on how to affiliate this way with the League, contact our Membership Director at [membership@bikeleague.org](mailto:membership@bikeleague.org).
