<b>SAFETY MEASURES FATALITIES</b> <i>Fatalities per 10k daily bicyclists</i>	1.4	21.6

## KEY STEPS TO SILVER

- » Hire a full-time bike coordinator.
- » Have your Bicycle Advisory Committee meet monthly to step up your BFC efforts.
- » Increase the amount of high quality bicycle parking throughout the community, especially at retail destinations, entertainment venues and government buildings.
- » Expand the bike lane and protected bike lane network, especially along arterials.
- » Expand the Safe Routes to School program. Bicycle-safety education should be a routine part of primary and secondary education, and schools and the surrounding neighborhoods should be particularly safe and convenient for biking and walking.

- » Celebrate Bike To School Day.
- » Consider offering a 'Ciclovía' or Open Streets type event, closing off a major corridor to auto traffic and offering the space to cyclists and pedestrians.
- » Update and fund your bike plans.
- » Regularly conduct research on bicycle usage on the street network to more efficiently distribute resources according to demand.
- » Include infrastructure solutions in your crash reduction plan.
